

Employment Highlights

FlightSafety Services Inc.

September 2007 to Present

Multimedia Graphic Artist

FlightSafety Services provides courseware, instructor, and simulator based training for the U.S. Military. I am a member of a four-person graphics team that supports more than 30 courseware developers, subject matter experts, programmers, and other offices as needed. Because FlightSafety is one of the world's leaders in air crew training, the position of multimedia graphic artist comes with a large amount of responsibility. I am proud of my ability to provide technically accurate illustrations, quickly accommodated art requests, and a polished presentation of FlightSafety's corporate brand.

Universal Products Inc.

May 2005 to October 2006

Creative Artist

I was one of six artists whose designs culminated in sales averaging nine-hundred thousand (\$900,000) dollars per month. I was responsible for turning high-end watercraft and automobiles into head-turning personal statements. Satisfied clients included Mastercraft, Malibu, Larson Cruisers, Sea Ray and Baja Boats.

Technical and Professional Skills

Strong interpersonal skills. I work well in a team environment.

- A **talent for drawing** to communicate ideas and enhance the design process.
- Abstract thought process that allows for **inventive solutions to uncommon challenges.**
- Flash animation driven by keyframes or Actionscript 2.0
- Keyframing, mapping and rendering from 3D Studio Max or Lightwave
- Video and Audio composition using Premiere or Flash
- Hand coding of webpages through Dreamweaver
- Color separation for screen-printing
- Design for Thermal-Die-Cut and Debossing
- Operation of Summa plotter
- Film imaging and processing for screen positives
- Iris Realist prints for presentation boards
